

Documentatierapport Nationaal Kiezers onderzoek (NKO) 2010 en 2012

Bronvermelding

Publicatie van uitkomsten geschiedt door de onderzoeksinstituten of de opdrachtgever op eigen titel. Verwijzing naar het CBS betreft uitsluitend het gebruik van de niet-openbare microdata. Deze microdata zijn onder [bepaalde voorwaarden](#) voor statistisch en wetenschappelijk onderzoek toegankelijk. Voor nadere informatie microdata@cbs.nl. Dat wordt als volgt geformuleerd:

“Resultaten [gedeeltelijk] gebaseerd op eigen berekeningen [*naam onderzoeksinstituut, c.q. opdrachtgever*] op basis van niet-openbare microdata van het Centraal Bureau voor de Statistiek betreffende het Nationaal Kiezers Onderzoek 2010 en 2012.”

Engelse versie

“Results based on calculations by [*name of research institution or commissioning party*] using non-public microdata from Statistics Netherlands.”

“Under [certain conditions](#), these microdata are accessible for statistical and scientific research. For further information: microdata@cbs.nl.”

1. Inleiding

Het team Microdataservices stelt, onder [bepaalde voorwaarden](#), niet-openbare microdata (geanonimiseerde data op persoons-, bedrijfs- en adresniveau) toegankelijk voor statistisch en wetenschappelijk onderzoek. Dit rapport beschrijft de inhoud en structuur van “Nationaal Kiezers Onderzoek 2010 en 2012”.

Hoofdstuk 2 beschrijft in het algemeen de microdatabestanden zoals populatieafbakening, methodologische bijzonderheden, kwaliteit en herkomst van de gegevens.

In hoofdstuk 3 wordt de bestandsindeling gegeven en worden voor de categoriale variabelen alle mogelijke scores en hun betekenis opgesomd.

2. Toelichting op de samenstelling van de bestanden

Microdatabestand

Doorlopend verzamelen van hoogwaardige en coherente gegevens over achtergronden van het stemgedrag van de Nederlandse kiesgerechtigde bevolking.

Doelpopulatie

Personen van 18 jaar en ouder die het recht hebben om deel te nemen aan de Tweede Kamerverkiezingen in Nederland, personen in particuliere huishoudens.

Aanvang onderzoek

In 2010 en 2012 is het onderzoek uitgevoerd door het CBS, in samenwerking met de SKON. Het NKO wordt georganiseerd rondom Tweede Kamerverkiezingen.

Het NKO vond tot in 2010 plaats zes weken vóór en zes weken na de Tweede Kamerverkiezingen. In 2012 is in de zes weken na de verkiezingen geënkquêteerd.

Frequentie

Onregelmatig. De frequentie hangt af van wanneer Tweede Kamerverkiezingen worden gehouden.

Waarnemingsmethode

Vraaggesprekken bij de respondent thuis met een laptop: Computer Assisted Personal Interviewing (CAPI).

Schriftelijke vragenlijsten: Paper-and-Pencil Interviewing (PAPI).

Tot in 2010 ook telefonische vraaggesprekken via een computer: Computer Assisted Telephone Interviewing (CATI).

Steekproefomvang

2010

Vóór de Tweede Kamerverkiezingen 2010: 2.621 personen (CAPI/CATI/PAPI).
Na de Tweede Kamerverkiezingen 2010: 2.247 personen (CAPI/CATI/PAPI).
CAPI-respondenten hebben bij de tweede golf (na de verkiezingen een schriftelijke drop-off vragenlijst gekregen (n = 1633).

2012

Na de Tweede Kamerverkiezingen 2012: 1.677 personen (CAPI). Deze CAPI-respondenten hebben een schriftelijke drop-off vragenlijst (PAPI) gekregen (n = 1.490).

De in StatLine gerapporteerde cijfers t/m 2010 hebben betrekking op respondenten die zowel in de eerste als de tweede golf hebben deelgenomen. De cijfers over 2012 betreffen de CAPI-respondenten, tenzij het om een kenmerk uit de drop-off vragenlijst gaat.

Weging

Voor verschillen tussen de samenstelling van de steekproef en de totale bevolking is een correctie toegepast door middel van een wegingsfactor gebaseerd op de kenmerken geslacht, leeftijd, stedelijkheidsgraad, landsdeel, burgerlijke staat, herkomst en opkomst (wel/niet gestemd).

Nauwkeurigheid

Omdat de enquête een steekproef betreft, zijn de cijfers onderhevig aan toevalsfluctuaties. Indien het aantal steekproefpersonen voor een bepaalde indelingscategorie kleiner is dan 50 worden in de StatLine-tabellen geen resultaten gepresenteerd vanwege te grote marges.

Gegevens op Statline

De cijfers zijn onder andere gepubliceerd in de Statlinetabellen:

[Stemgedrag stemgerechtigden Tweede Kamerverkiezingen 9-6-2010;](#)
[Stemgedrag stemgerechtigden Tweede Kamerverkiezingen 12-09-2012.](#)

431	V573 There is nobody who is interested in me	F10

Toelichting op de variabelen

RINPERSOONS en RINPERSOON

Bronbestanden die aan het CBS geleverd worden, bevatten doorgaans als persoons-identificator het BSN. Het Burgerservicenummer (BSN) wordt als zeer identificerend beschouwd en daarom vervangt het CBS dit nummer door een intern persoonsidentificatienummer, het betekenisloze RIN-nummer (RINPERSOON).

Een microdatabestand is voorzien van de door het CBS toegevoegde variabelen soort identificatiecode (RINPERSOONS) en identificatienummer (RINPERSOON), die samen het BSN vervangen. Records met een BSN die zijn teruggevonden in de GBA zijn voorzien van een geldig RIN-nummer. Deze records hebben de waarde 'R' op RINPERSOONS gekregen.
