CBS Dashboard: well-being in times of coronavirus

Introduction of our dashboard

- *Why do we make this dashboard?*
... because the corona crisis has strongly influenced reality in many areas
- *What does it show?*
... the most up-to-date overview of well-being in the Netherlands, divided over ten themes
- *Which themes/indicators can be found?*
... the indicators that say something about the development in our society since the outbreak of the corona virus (phenomenon based);
