

Dear sir/madam,

We are Statistics Netherlands (CBS). CBS is an independent, non-commercial organisation, funded by the Dutch government. We provide reliable information to the general public and to authorities in the Netherlands, to support discussions and policymaking.

You have been randomly selected to participate in one of our surveys. Several weeks ago you received a letter from us.

We invited you to participate in one of our surveys. That's why we came by. Unfortunately, we conduct our surveys only in Dutch.

We want to emphasise that we do respect your privacy. No institution can demand access to the data that Statistics Netherlands collects. This is laid down by law.

Check [cbs.nl/privacy](https://www.cbs.nl/privacy) for more information.
Thank you for your time and attention.

Kind regards,

Why we visit you
