Dear Sir/Madam,

Goods ranging from food products to passenger ships are produced on Dutch territory. These goods are sold nationally and internationally. Statistics Netherlands (CBS) collects data on the production and sales. The European Statistical Office then combines data from all European countries. In this way, the European market can be visualised and the position of the Dutch market can be determined.

Therefore, we ask you to fill in the questionnaire for date 'see Dutch letter'. The survey also provides valuable information for your company. For example, you can use the figures to assess your company's position in relation to the Dutch market. More information can be found at [www.cbs.nl/enprodcom](http://www.cbs.nl/enprodcom).

#### *Our request*

Please complete the questionnaire no later than 'for date see Dutch letter'. Your participation is compulsory based on the Statistics Netherlands Act.
