### Environmental accounts of the Netherlands 2012

Despite the careful preparation of this publication we have detected a mistake. For this we offer our sincere apologies.

The legend of figure 8.3.12 on page 117 is wrong. Where it says Agriculture it should read Electricity and gas supply.

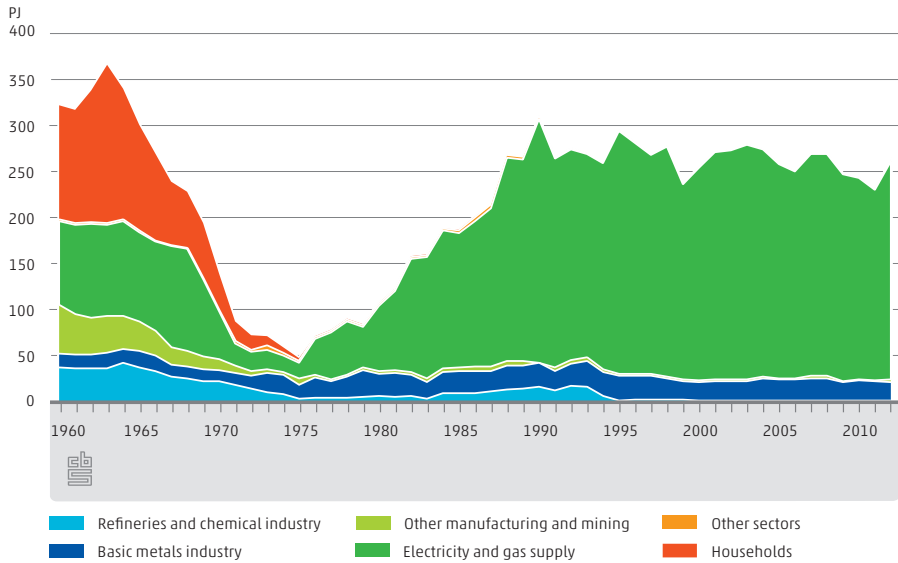

The wrong figure:

#### 8.3.12 Emission-relevant energy use of coal by industries and households

The correct figure:

### 8.3.12 Emission-relevant energy use of coal by industries and households

The correct version of this figure on page 117 of the pdf was placed on our website on 29 November 2013.
